Premium Lawn Care Programs with an Organic Approach

	Freedom	Excel	Plus
<u>EARLY SEASON ORGANIC BASED FERTILIZER</u> <ul style="list-style-type: none"> Provides the nutrients your lawn needs for the start of the growing season Also includes a proprietary blend of organic-based fertilizer and micro-nutrients 	✓		
<u>PRE-EMERGENT CRABGRASS CONTROL</u> <ul style="list-style-type: none"> Provides pre-emergent and season-long crabgrass control <i>(Applied in split applications – a second application is applied in the next service)</i> Also includes a proprietary blend of organic-based fertilizer and micro-nutrients 	✓	✓	✓
<u>EARLY SEASON BROADLEAF WEED CONTROL</u> <ul style="list-style-type: none"> Provides early season broadleaf weed control & 2nd crabgrass control application Also includes a proprietary blend of organic-based fertilizer and micro-nutrients 	✓	✓	✓
<u>INSECT CONTROL PLUS+</u> <ul style="list-style-type: none"> Provides insect control for surface feeding insects such as chinch bugs Also includes an organic blend of liquid calcium and chelated iron to unlock dormant nutrients to the lawn and roots 	✓	✓	✓
<u>ORGANIC MICRO-NUTRIENTS & SUMMER WEED CONTROL</u> <ul style="list-style-type: none"> Spot treatment of broadleaf weeds and crabgrass as needed. Crabgrass spot spray is an exclusive service for clients receiving full pre-emergent crabgrass services. Also includes a proprietary blend of organic micro-nutrients to help maintain lawn color during summer heat and drought stress 	✓	✓	✓
<u>PELLETIZED LIME</u> <ul style="list-style-type: none"> A CRITICAL APPLICATION for (2) reasons: (1) Maintains soil pH ensuring nutrients are available and absorbed. (2) Creates an adverse growing environment for weeds. <i>If pH is below 6.5 corrective lime applications will be recommended.</i> 	✓	✓	✓
<u>FALL BROADLEAF WEED CONTROL</u> <ul style="list-style-type: none"> Provides late season broadleaf weed control Also includes a proprietary blend of organic-based fertilizer and micro-nutrients 	✓	✓	✓
<u>FALL ORGANIC-BASED FERTILIZER</u> <ul style="list-style-type: none"> Provides balanced, organic-based fertilizer to increase root development 	✓	✓	✓
<u>WINTERIZER APPLICATION</u> <ul style="list-style-type: none"> Provides higher levels of potash and a proprietary blend of micro-nutrients to enhance root system development and survival throughout winter BENEFIT: Turf becomes more drought tolerant and can better absorb nutrients 	✓	✓
